Purdy Sod Farm Rules

1) **ABSOLUTELY NO MOTOR VEHICLES OF ANY KIND ARE ALLOWED ON THE SOD. EVER! PERIOD.**

2) If your rocket lands on planted agricultural (crop) land, you may retrieve it but only with the same care with which you would walk on the heads of your own children.

3) You are responsible for collecting and removing **ALL** of your trash.

4) **Please note the high voltage power lines** to the east and south of the field. If you are unfortunate enough to drape your rocket over these power lines, you may be personally responsible for the cost of removal (up to $10,000). **CONSIDER YOUR FLIGHT VERY CAREFULLY BEFORE YOU LAUNCH.**

**FAILURE TO OBSERVE ANY OF THESE RULES WILL RESULT IN YOUR IMMEDIATE EJECTION FROM THE LAUNCH FIELD. FURTHER, YOUR NAME WILL BE PLACED ON OUR “NO-FLY” LIST AND YOU WILL NOT BE PERMITTED TO FLY AT THIS FIELD EVER AGAIN. YOU HAVE RECEIVED YOUR FIRST, LAST, FINAL AND ONLY WARNING.**
